

## **President: Dance!**

(P. Capasso)

I like (to) meet you in the dark  
smoking cigarettes  
you love to drink in the park, alone ..

moon is shining bright tonight  
but won't do that for ever

buddy is coming back my end  
please help me motherfucker!

(X 2)

I am just a man  
I love go to dance  
I used to feel my sense  
I like to break my legs

I wanne be happy there...  
drunk in the street  
I wanne be happy there...  
singin' in the street

I won't you give an hand  
don't want to save my head  
so: really should i mind  
who is my president?

I wanne be happy there...  
drunk in the street  
I wanne be happy there..  
singin' in the street

(X 2)

I am just a man, i am just a man,  
i am just a man, i am just a man ...
